

Dear Friends and Fellow Community Members,

In 1998, the Fort Worth Hispanic Chamber of Commerce (FWHCC) created a scholarship fund designed to target high school students in Tarrant County. Over the years, we have awarded more than 100 scholarships to deserving students through our 501(c)3. Every year, we look to our business community and local universities and colleges to assist those students looking for an opportunity to receive a higher education. We firmly believe that education is one of the most important tools which can sustain and reinforce our nation’s future innovative, exemplary and powerful thinkers.

In 2018, after receiving over 150 applications, we were able to award over \$30,000 in scholarships to 19 Tarrant County students. Our goal is to expand the program and raise \$50,000 in hopes to send more students off to college.

We would greatly appreciate your partnership in our scholarship program and would gladly accept a donation to assist in the development of our future generation.

We cannot offer these scholarships without your support, therefore we thank you immensely for your consideration and look forward to hearing from you.

Sincerely,

John Hernandez

*“FWHCC Staff and Scholarship Committee,
Thank you so much for choosing me to receive your scholarship. It makes me feel so amazing to have been granted the support I need to follow my passion for business at UT. I am very grateful for this incredible award.”*

“The Fort Worth Hispanic Chamber of Commerce scholarship became a turning point in my journey to afford college. A few weeks before high school end my parents and I were still very worried about how to pay for college as we believe that we have gotten to the point where I have received all the aid was going to get for that upcoming school year. However, our luck changed one afternoon in May when I received an email from the Hispanic Chamber of Commerce notifying me that I have earned a scholarship from them. That news was a true blessing as it was exactly the help I needed to cut the tuition for my first school year in college by half. The Fort Worth Hispanic Chamber of Commerce scholarship helped me stop worrying about how to pay for college and actually enjoy the transition from high school to college.”
